COMPOSTABLE CLING FILM

by Wrapmaster®

No compromise, just compost

PROFESSIONAL QUALITY

Wrapmaster® Compostable Cling Film is a general-purpose cling film for covering and wrapping all food types, including those with a high fat content. Suitable for use in the fridge and freezer, it helps to protect food, preserve flavour, and reduce food waste.

BIODEGRADABLE SOLUTION

Made from biodegradable and compostable polymers which break down in composting environments. PLA free, not made from any food crop or vegetable sources. Plasticizer, BPA, Phthalate and PVC free.

CERTIFIED COMPOSTABLE

Wrapmaster® Compostable Cling Film is certified OK compost HOME (\$2645) and OK compost INDUSTRIAL (\$2645) by TÜV AUSTRIA. It can be disposed of in a food waste composter, with food waste for composting together with other organic materials, composted in a home composting environment or be collected and sent for industrial composting - it's an easy step for chefs to take on their sustainability journey!

AVAILABLE

for use with the
Wrapmaster®
4500 and Duo
dispensers.
